### **Job advertisement**

Fugro is one of the world's leading providers of geo-intelligence and asset integrity solutions for large constructions, infrastructure and natural resources. We provide the technical data and information required to design, construct and maintain your structures and infrastructure in a safe, reliable and efficient manner.

We have 10,000 employees in 169 offices in 65 countries worldwide. Fugro Austria is one of the centers of competence for *Geophysics/Wireline Logging, Oil & Gas Pipelines* and *Land & Property* in the Europe region.

For our Wireline Logging team in Bruck an der Mur we are looking for the following employees:

- **Wireline Logging Geophysicist (WLGP)**
- **Wireline Logging Operator (WLOP)**

What we offer

- Execution of wireline logging field work and/or data processing
- National and international projects, mainly onshore but also nearshore or offshore
- Participation in a young and dynamic team
- Full employment with immediate start.

What we expect

- WLGP: BSc. or MSc. in Applied Geophysics, Geology or related geosciences
- WLOP: Completed education in electronics, engineering, geosciences or similar and technical skills
- Good knowledge in English and German.
- Reliability, flexibility and ability to solve problems
- Mobility and readiness to work in international teams
- Readiness to work onshore or offshore.

As per Austrian Collective Agreement the gross salary for entrants is EUR 31.946,88 (WLGP) resp. EUR 25.621,26 (WLOP). Depending on experience and skills of the individual candidate we are willing to pay more than this.

In case of interest please send us your application documents via email.
